Re: Eco-Rode Moorings

Industrial Divers Corporation (IDC) has successfully installed Eco-Rode moorings for 38 regulatory buoys in Miami-Dade County from Sunny Isles Beach to Haulover Inlet. Additionally, IDC has used Eco-Rode Regulatory moorings for marker buoys installed off John U. Lloyd State park in connection with US Navy projects. Eco-Rode Boat moorings have been installed by IDC at Crandon Park Marina in Key Biscayne to replace aging and failing StormSoft down lines. We are very satisfied with the excellent results that have been achieved using Eco-Rode mooring.

Thank you,
